

# Perth Transport Futures Project

## Phase 1 - A9/A85 Junction Improvement and Link Road to Bertha Park

### PUBLIC NOTICE

#### A9 TRAFFIC MANAGEMENT INFORMATION

Balfour Beatty is currently constructing the A9/A85 Junction Improvement and Link Road to Bertha Park scheme on behalf of the Council. This project includes construction of a new A9 junction with slip roads, a new link road to Bertha Park and a new junction on the A85.

Balfour Beatty and Perth and Kinross Council are committed to minimising the disruption to the travelling public, residents and local businesses caused by the ongoing road works associated with the above project, and to providing advance notice of specific works.

As the works progress we have a requirement to install a Fastlane Closure on both the Northbound and Southbound carriageway on the A9. This will be in place from 07:00 on Monday 6 November until 19:00 on Tuesday 7 November.

During these periods you may experience some delays and if your journey is essential during peak time periods, please visit [www.trafficscotland.co.uk](http://www.trafficscotland.co.uk) for live journey time updates and consider car sharing ([www.tactranliftshare.com](http://www.tactranliftshare.com) / [www.liftshare.com](http://www.liftshare.com)) or public transport ([www.pkc.gov.uk/bustimetables](http://www.pkc.gov.uk/bustimetables)).

We thank you in advance for your patience and take this opportunity to apologise for any inconvenience caused during these works.

Details of the proposals and the associated works can be viewed on the project website at [www.perthtransportfutures.co.uk](http://www.perthtransportfutures.co.uk).

For more information, please contact Perth & Kinross Council:
