

NEIGHBOUR NOTICE

TEMPORARY TRAFFIC LIGHTS

Balfour Beatty is currently constructing the A9/A85 Junction Improvement and Link Road to Bertha Park scheme on behalf of the Council. This project includes construction of a new A9 junction with slip roads, a new link road to Bertha Park and a new junction on the A85.

In order to undertake Public Utility works required to facilitate the scheme, BT are carrying out cable recovery works on Thursday 8th February 2018 in a joint box on the A85 close to your property. This work will take place during nightshift (2100hrs to 0600hrs) for 1 nights to avoid putting 2-way temporary traffic lights on during the busy daytime periods. The works are essentially silent so doing it on nightshift is considered appropriate as disruption will be minimised.

The section of road affected is shown below:

Perth and Kinross Council and Balfour Beatty apologise for any inconvenience caused during these times.

Details of the proposals and the associated works can be viewed on the project website at www.perthtransportfutures.co.uk.

For more information, please contact Perth & Kinross Council: Telephone: 01738 475000, Email: roadsinfrastructure@pkc.gov.uk, Twitter: @PTFutures1
